Deeply Personal Site Specific Works at Her  
Westhampton Beach Outdoor Studio

Site-specific works by **Andrea Marie Breiling** made in her Westhampton Beach studio will be on view at the *Andrea Marie Breiling Summer Eileen* exhibition organized by **Rachel Uffner Gallery**, in collaboration with **HESSE FLATOW**. The presentation is dedicated to Eileen Hoard - the artist's grandmother, who passed away recently and is reflective of her overwhelming affection for the sea and the beach.

Apart from paintings, the artist will also present a striking video clip of her grandmother talking about her deep love and reverence for the ocean, which has inspired many of her granddaughter's unique new works. Opening **on August 14th**, the exhibition will be on view **by appointment only** till August 18th, 2022.
